7 Federal income tax election

This does not apply to nonresident aliens.

A. Eligible rollover distributions

Note: If participants do not request a direct rollover, the distribution is subject to a 20% mandatory federal income tax withholding.

Participant is requesting a direct rollover; therefore, withholding does not apply.

B. Other distributions

This distribution is **not** eligible to be rolled over because it represents a required minimum distribution, a distribution to a non-spouse beneficiary, a financial hardship distribution or a periodic distribution paid over life or joint life expectancy or over a period of at least 10 years. **If the distribution is not eligible for rollover, the taxable amount will be subject to 10% withholding unless otherwise indicated.**

This distribution represents the refund of excess contributions. If an ADP test, ACP test or Annual Additions [415] excess is processed within 2½ months after the plan year-end, then the excess is not subject to withholding. If an ADP test, ACP test or Annual Additions [415] excess is processed beyond 2½ months after the plan year-end, then 10% withholding will apply unless otherwise indicated below. Excess deferrals [402(g)] are not subject to withholding.

This distribution is less than \$200, so federal income tax withholding does not apply.

8 State income tax election

This does not apply to nonresident aliens.

If participant is a resident of one of the states listed below, please check the appropriate box and the withholding election, if applicable.

- Residents of AR, DE, IA, KS, MA, MD, ME, MS¹, NE, OK, VA or VT will have state taxes withheld when federal withholding applies.
- Residents of CA², GA³, NC⁴ or OR will have state taxes withheld when federal withholding applies, unless otherwise elected. These residents may elect to have state withholding while electing out of federal withholding.

If no election is made, the trustee, or recordkeeper, if authorized, is required to withhold taxes at the applicable rate.

- DO NOT** withhold state income tax.

In addition to the standard state tax withholding amount, withhold an additional \$ _____ (Do not indicate a percentage.)

¹MS state withholding will be mandatory when federal withholding is applied to early distributions and returns of excess contribution.

²CA state withholding is based on a percentage of the federal withholding amount and not a percentage of the gross distribution.

³GA state withholding applies to installment payments. If requesting a one-time distribution, you may elect GA state withholding by providing a dollar amount.

⁴NC residents are subject to mandatory state withholding on all eligible rollover distributions.

9 Nonresident alien tax withholding

Individuals who are not citizens or resident aliens of the U.S. may be able to claim the tax treaty rate for their country of residence by attaching a completed Form W-8BEN with an original signature. Without this form, Capital Bank and Trust Company (CB&T) is required to withhold taxes at the maximum rate of 30%.
